

THE JOURNAL OF
NUTRITION
OFFICIAL ORGAN OF THE AMERICAN INSTITUTE OF NUTRITION

Official organ of the American Institute of Nutrition. Officers of the Institute for 1975-76: G. K. Davis, *president*; E. L. R. Stokstad, *president-elect*; J. G. Bieri, *past president*; G. A. Leveille, *secretary*; M. R. S. Fox, *treasurer*. Councilors: L. M. Henderson, W. G. Hoekstra, H. N. Munro, A. L. Forbes. O. L. Kline, *executive officer*.

Contents

VOLUME 106
NUMBER 7

July 1976

Richard Henry Barnes—A Dedication. <i>Fredric W. Hill</i>	881
Time Sequence of Lipogenic Changes in Adipose Tissue of Rats When Converted from Ad Libitum Feeding to Meal-Eating. <i>Michael K. Armstrong, Dale R. Romsos and Gilbert A. Leveille</i>	884
Vitamin E and Selenium Interrelations in the Diet of Atlantic Salmon (<i>Salmo salar</i>): Gross, Histological, and Biochemical Deficiency Signs. <i>Hugh A. Poston, Gerald F. Combs, Jr. and Louis Leibovitz</i>	892
Protein Synthesis in Zinc Deficient Rats During Tularemia. <i>Robert S. Pekarek and Michael C. Powanda</i>	905
Bioavailability of Zinc in Milk and Soy Protein-Based Infant Formulas. <i>Berislav Momčilović, Bartholomeus Belonje, Alexandre Giroux and Bhagwan G. Shah</i>	913
Effect of Dietary α Tocopherol on Liver Microsomes and Mitochondria of Aging Rats. <i>Lynn S. Grinna</i>	918
The Effect of Cycloheximide on Hepatic RNA Synthesis and Nucleolar Size in Rats Force-Fed a Threonine-Devoid Diet. <i>Herschel Sidransky, Sheldon M. Epstein, Ethel Verney and Robert S. Verbin</i>	930
Decreased Dietary Protein or Energy Intake and Plasma Growth Hormone Levels of the Pregnant Pig, Its Fetuses and Developing Progeny. <i>Tola Atinmo, Carlos Baldijão, Wilson G. Pond and Richard H. Barnes</i>	940
Immunoreactive Growth Hormone Levels in Pigs Fed Protein or Energy Restricted Diets During the Postweaning Period. <i>Tola Atinmo, Carlos Baldijão, Wilson G. Pond and Richard H. Barnes</i>	947
Plasma Adrenocorticosteroid Levels in Protein and Energy Restricted Pigs. <i>Carlos Baldijão, Tola Atinmo, Wilson G. Pond and Richard H. Barnes</i>	952

Contents

(Continued from back cover)

Influence of Ascorbic Acid on Selenium Nutrition in the Chick. <i>G. F. Combs, Jr. and G. M. Pesti</i>	958
Differential Effects of High Dietary Levels of Vitamin A on the Vitamin E-Selenium Nutrition of Young and Adult Chickens. <i>G. F. Combs, Jr.</i>	967
The Effect of a Long-Term Excess of Pyridoxine on the Fatty Acid Composition of the Major Phospholipids in the Rat. <i>C. Bernard DeLorme and Paul-J. Lupien</i>	976
A Conspectus of Research on Iron Requirements of Man. <i>Jean Bowering, Ann Macpherson Sanchez and M. Isabel Irwin</i>	985
Invitations for Nominations	1075
Program and Abstracts of Papers for the Second Joint Meeting of The American Institute of Nutrition, The American Society for Clinical Nutrition, and The Nutrition Society of Canada	i-xxxvii
