Achieving Optimal Growth in Preterm Infants and Children

Presented at the 4th Congress of the European Academy of Paediatric Societies conference, held in Istanbul, Turkey, 5 October 2012

Supplement Coordinator:
Louise Profit
Gardiner-Caldwell Communications

Supplement Guest Editor:
Harry Dawson
USDA

Presented at the 4th Congress of the European Academy of Paediatric Societies (EAPS) conference, held in Istanbul, Turkey, 5 October 2012. The symposium was sponsored by Baxter Healthcare International. The views expressed in these papers are not necessarily those of the Supplement Coordinator or Guest Editors. The Supplement Coordinator for this supplement was Louise Profit, Gardiner-Caldwell Communications. Supplement Coordinator disclosures: Louise Profit is an employee of Gardiner-Caldwell Communications, a medical communications company that received financial remuneration from Baxter Healthcare for coordination of the supplement, medical editing, and medical writing support. This supplement is the responsibility of the Guest Editor to whom the Editor of The Journal of Nutrition has delegated supervision of both technical conformity to the published regulations of The Journal of Nutrition and general oversight of the scientific merit of each article. The Guest Editor for this supplement was Harry Dawson. Guest Editor disclosure: Harry Dawson had no conflicts to disclose. Publication costs for this supplement were defrayed in part by the payment of page charges. This publication must therefore be hereby marked “advertisement” in accordance with 18 USC section 1734 solely to indicate this fact. The opinions expressed in this publication are those of the authors and are not attributable to the sponsors or the publisher, Editor, or Editorial Board of The Journal of Nutrition.
