TENURE OR TENURE TRACK FACULTY POSITION IN CLINICAL NUTRITION

The Division of Clinical Nutrition, David Geffen School of Medicine at UCLA, is recruiting a physician-scientist for a tenure track position to provide leadership in nutrition research and training, and to support the clinical nutrition program. The ideal candidate should be an accomplished basic, clinical, or translational scientist in nutrition, or a related field, with a strong track record of federal research funding. The candidate should have demonstrated success in leading multidisciplinary groups for training and research. The position includes responsibility to develop and lead an innovative and engaging nutrition thread in the medical school curriculum.

The position is a state-supported, tenure-track professorship with a guaranteed salary base, outstanding fringe benefits, and competitive start-up funds. The successful candidate will have a primary appointment in the Division of Clinical Nutrition, Department of Medicine, David Geffen School of Medicine at UCLA. The Nutrition Division has a long and distinguished history in research, teaching, and clinical care. The current faculty includes those with joint or secondary appointments in the School of Public Health and the School of Nursing.

Applicants must have an M.D. degree. Preference will be given to applicants with demonstrated success in leadership of a research program. The primary area of research in the division is the treatment and prevention of obesity and obesity-associated diseases. Other areas of research include the role of nutrients, phytochemicals, and botanical dietary supplements in the prevention and treatment of common forms of metabolic disease, cardiovascular disease and cancer. UCLA provides excellent opportunities for collaborations with outstanding scientists across disciplines within the School of Medicine and across colleges, schools and departments on campus and within the University of California system.

Review of applications will begin immediately and applications will be received until the position is filled. All qualified applicants, including women and minorities, are encouraged to apply. Candidates are strongly encouraged to submit applications electronically. In order to apply, candidates are directed to the website https://recruit.apo.ucla.edu where they will be able to search for the position under the Department of Medicine heading and upload the following required materials: 1) a description of their research plans; 2) full curriculum vitae; and 3) a list of 3-5 references.

The University of California is an Equal Opportunity/Affirmative Action Employer. All qualified applicants will receive consideration for employment without regard to race, color, religion, sex, sexual orientation, gender identity, national origin, disability, age or protected veteran status. For the complete University of California nondiscrimination and affirmative action policy see: UC Nondiscrimination and Affirmative Action Policy.

Need to promote open positions, fellowship opportunities, programs, or conferences in this journal?

The American Society for Nutrition (ASN) offers advertising opportunities in the following publications:

- The Journal of Nutrition (JN)
- The American Journal of Clinical Nutrition (AJCN)
- Advances in Nutrition
- ASN Member e-Newsletter
- Medical Nutrition Highlights
- Medical Nutrition News

Reach your target audience!

The ASN award winning publications are a perfect way to reach research scientists, physicians, and registered dieticians in any area of nutrition. Recruitment and product advertising are accepted for print, online, and email advertising.

Visit www.nutrition.org/publications/advertising/ for current rates and advertising opportunities, or contact Valerie Marvin at 201-767-4170.
Established in 1928, the American Society for Nutrition (ASN) is the premier research society dedicated to bringing together the world’s top researchers and clinicians to advance our knowledge and application of nutrition science. Members of ASN receive benefits ranging from free access to the top peer-reviewed journals in the nutrition and dietetics category to reduced registration rates for topical meetings and conferences. Take advantage of the following ten ways that ASN can advance your career by becoming a member today!

1. **CUTTING-EDGE SCIENTIFIC PROGRAMMING**
   - ASN Scientific Sessions & Annual Meeting at Experimental Biology is an interdisciplinary, scientific meeting, bringing together over 15,000 scientists from throughout the world.
   - The annual Advances and Controversies in Clinical Nutrition is designed to communicate significant, cutting-edge advances in nutrition research, and to stimulate discussion on emerging topics that impact human health.

2. **TOP RANKED PUBLICATIONS**
   - ASN members receive free online access to The American Journal of Clinical Nutrition (AJCN), The Journal of Nutrition (JN) and Advances in Nutrition (AN).

3. **REDUCED REGISTRATION RATES**
   - Members receive reduced conference registration rates to Experimental Biology (a $165 savings!), Advances and Controversies in Clinical Nutrition ($100 off!) and co-sponsored meetings throughout the year.

4. **REDUCED PUBLICATION FEES**
   - Members receive discounted print subscriptions, page charges and waived manuscript submission fees. Additionally, ASN members are eligible to receive our partner publication, Nutrition Today, at a 58% discount off of the regular subscription rate.

5. **EDUCATIONAL RESOURCES**
   - ASN’s online educational portfolio contains podcasts, author videos, recorded webinars, videotaped conference sessions, blog entries and more.

6. **MEMBERSHIP IN FASEB**
   - You receive a variety of important additional benefits through ASN’s membership in the Federation of American Societies for Experimental Biology (FASEB) alliance such as access to FASEB’s Legislative Action Center, subscription discounts for The FASEB Journal, online access to the FASEB Member Directory and career development resources.

7. **NETWORKING OPPORTUNITIES**
   - All members are eligible to join one of our 15 Research Interest Sections (RIS). The RIS are communities designed to provide a mechanism for topic-specific discussion regarding nutrition research and practice. Additionally, members are encouraged to join one or more of the following Scientific Councils: Medical Nutrition, Global Nutrition, and Nutritional Sciences.

8. **NUTRITION RESEARCH SUPPORT**
   - ASN is your voice and is committed to increasing the investment in nutrition research. We make it our mission to provide our members with the information and resources necessary to take a stand for nutrition research.

9. **AWARDS AND RECOGNITION**
   - In recognition of our member’s professional accomplishments, ASN honors scientists, clinicians and scholars for significant achievements in nutrition research and practice. The program grants over $452,000 in scientific awards, student grants, travel awards and honoraria.

10. **GLOBAL CONNECTIONS**
    - ASN is a global organization that enables its members to form relationships with top nutrition researchers throughout the world. ASN is the US Adhering Body to the International Union of Nutritional Science.
