Contents

No. 1 MAY 1967

William Hawkins Wilson — A Biographical Sketch. William J. Darby and Ali Hassan ............................................. 1

Dietary Induction of Hyperphenylalaninemia in the Rat. George R. Kerr and Harry A. Waisman ................................. 10

Effect of Environmental Temperature on Fatty Livers Produced by Various Hepatotoxic Agents in Rats. M. W. Radomski and T. Orme ...................................................... 19

Recovery of Rat Tissue Lipids from Essential Fatty Acid Deficiency: Plasma, erythrocytes and liver. Brian L. Walker ......................... 23

The Relationship of Ca and P Nutrition during Adult Life and Osteoporosis in Aged Mice. B. G. Shah, G. V. G. Krishnarao and H. H. Draper ...... 30

Aspects of Mineral Nutrition of the Pea Aphid, Acyrthosiphon pisum (Harris). Arthur Retnakaran and Stanley D. Beck ............ 43

Effects of Dietary Iron Level on Gut Iron Levels and Iron Absorption in the Rat. W. N. Pearson, Martha Reich, Helen Frank and Lourdes Salamat ............................................. 53

Maintenance of Pregnancy in Protein-deprived Rats by Transitory Protein Supplements during Early Gestation. Benjamin N. Berg ................. 66

Evaluation of Polyethylene, Chromic Oxide, and Cerium-144 as Digestibility Indicators in Burros. J. J. Knapka, K. M. Barth, D. G. Brown and R. G. Cragle .............................................. 79

Effect of ω3 Fatty Acids on the Growth Rate of Rainbow Trout, Salmo gairdnerii. D. J. Lee, J. N. Roehm, T. C. Yu and R. O. Sinnhuber ..................................................... 93

Development of Hemolytic Anemia in Rats Fed Methionine. Charles E. Mengel and Janis V. Klavins ......................... 104

Growth and Development of Chick Embryos Nourished by Fractions of Yolk. Norman E. Walker ................................. 111

Fate of Selenium from Selenite or Seleno-Methionine, with or without Vitamin E, in Lambs. C. F. Ehlig, D. E. Hogue, W. H. Allaway and D. J. Hamm .......................... 121

Effect of Administration of Thyroid Powder on Folic Acid Metabolism in Rats. Amy C. Odell and E. L. R. Stokstad .......................... 127

The Journal of Nutrition Guide for Authors .......................... 139

No. 2 JUNE 1967

Invitation for Nominations for 1968 American Institute of Nutrition Awards .......................... 143

Invitation for Nominations for 1968 American Institute of Nutrition Fellows .......................... 145

Invitation for Nominations for Honorary Membership in the American Institute of Nutrition .......................... 146

Invitation for Nominations for the 1968 Hoblitzelle National Award in the Agricultural Sciences .......................... 147

Fatty Acid Composition and Weights of Organs from Essential Fatty Acid-deficient and Non-deficient Hens. Henry Menge .......................... 148

In vivo Interference of Zinc with Ferritin Iron in the Rat. C. T. Settlemire and G. Matrone .......................... 153

In vivo Effect of Zinc on Iron Turnover in Rats and Life Span of the Erythrocyte. C. T. Settlemire and G. Matrone .......................... 159

Vanadium in Some Biological Specimens. Rune Söremark .......................... 183

Taste and Food Intake in Domesticated and Jungle Fowl. Morley R. Kare and Owen Maller .......................... 191

Essential Fatty Acid Deficiency and Its Effects upon Reproductive Organs of Male Rabbits. B. Ahtuvalia, C. Pincus and R. T. Holman .......................... 205

Body Weight Changes, Pancreas Size and Enzyme Activity, and Proteolytic Enzyme Activity and Protein Digestion in Intestinal Contents from Calves Fed Soybean and Milk Protein Diets. A. D. L. Gorrill and J. W. Thomas .......................... 215

Choline Biosynthesis and Choline Requirement in the Rat as Affected by Coprophagy. Richard H. Barnes and Eva Kwong .......................... 224
Effect of Dietary Supplements of Cystine upon Growth, Liver Fat and Choline Biosynthesis in the Choline-deficient Rat. *Eva Kwong and Richard H. Barnes* .......................................................... 233

Copper Metabolism in the Early Postnatal Period of the Piglet. *Guillermo G. Gomez-Garcia and Gennard Matrone* .......................................................... 237

Arsenic, Germanium, Tin and Vanadium in Mice: Effects on growth, survival and tissue levels. *Henry A. Schroeder and Joseph J. Balassa* 245

Calcium Metabolism and Kinetics in Intact and Parathyroidectomized Cows Given Parathyroid Extract. *G. P. Mayer, C. F. Ramberg, Jr. and D. S. Kronfeld* ......................................................... 253

Percutaneous Absorption of Vitamin B₁₂ in the Rat and Guinea Pig. *E. E. Howe, C. L. Dooley, R. F. Geoffroy and Charles Rosenblum* 261

Specific Hunger for Thiamine in the Rat: Selection of low concentrations of thiamine in solution. *Howard Appledorf and Steven R. Tannenbaum* 267

Effects of Diet and Other Factors on Methionine Adenosyltransferase Levels in Rat Liver. *Foo Pan and H. Tarver* .......................................................... 274

The Supplementary Value of Algae Protein in Human Diets. *Sunghee Kim Lee, Hazel Metz Fox, Constance Kies and Richard Dam* .............................................. 281

Quantitative Measurement of Alcohol Dehydrogenase Activity within the Liver Lobule of Rats after Prolonged Ethanol Ingestion. *George R. Morrison and Frances E. Brock* .............................................. 286

Effects of Dietary Safflower Oil or Hydrogenated Coconut Oil on Growth Rate and on Some Blood and Tissue Components of Pigs fed a Fat-free Diet. *G. M. Babatunde, W. G. Pond, L. Krook, L. D. Van Vleck, E. F. Walker, Jr. and P. Chapman* 293

Metabolism of the Geometric Isomers of Linoleic Acid in the Rat. *O. S. Privett, E. M. Stearns, Jr. and E. C. Nickell* .......................................................... 303

Effects of Fluoride on Magnesium Deficiency in the Guinea Pig. *R. E. Pyke, W. G. Hoekstra and P. H. Phillips* .......................................................... 311

The Physiological Role of Choline in Guinea Pigs. *H. Tani, S. Suzuki, M. Kobayashi and Y. Kotake* .......................................................... 317

Effects of Excess Dietary Iodine upon Pullets and Laying Hens. *L. R. Arrington, R. A. Santa Cruz, R. H. Harms and H. R. Wilson* .......................................................... 325

Biosynthesis of Ascorbic Acid in the Acouchi and Agouti. *Norma J. Yess and D. M. Hegsted* .......................................................... 331

Effects of Selenate, Selenite and Tellurite on the Growth and Early Survival of Mice and Rats. *Henry A. Schroeder* .......................................................... 334

Metabolism of L-1,2-Propanediol-2-¹⁴C in a Lactating Cow. *R. S. Emery, R. E. Brown and A. L. Black* .......................................................... 348

Arginine Deficiency in Two Strains of Chickens Selected for Differences In Dietary Requirements of Arginine. Malden C. Nesheim, David A. Christensen and Douglas L. Arnold 365

Biotin Deficiency and Orotic Acid Fatty Liver in the Rat. D. S. R. Sarma and H. Sidransky 374

Effect of Nonspecific Nitrogen Supplementation on Minimum Corn Protein Requirement and First-limiting Amino Acid for Adult Men. Constance Kies, Hazel Metz Fox and Eleanor R. Williams 377

Influence of Vitamin A Deficiency on Testes, Bursa Fabricius, Adrenal and Hematocrit in Cockerels. Cheryl F. Nockels and Eldon W. Kienholz 384

Effects of Dietary Calcium upon Lipid Metabolism in Rats Fed Saturated or Unsaturated Fat. H. Yacowitz, A. I. Fleischman, R. T. Amsden and M. L. Bierenbaum 389

Effect of Diethylstilbestrol on Energy and Protein Utilization by Chicks Fed a Diet High in Fat Content. L. B. Carew, Jr. and F. W. Hill 393

Changes in Aortic Extensibility Found in Sulfate-deprived Rats. R. Glenn Brown 399

Effect of Vitamin B_{12} in Choline Deficiency in the Rat. D. M. Hegsted, A. M. Roach and H. L. McCombs 403

Invitation for Nominations for 1968 American Institute of Nutrition Awards 412

Invitation for Nominations for 1968 American Institute of Nutrition Fellows 414

Invitation for Nominations for Honorary Membership in the American Institute of Nutrition 415

Invitation for Nominations for the 1968 Hoblitzelle National Award in the Agricultural Sciences 416

Calcium Utilization and Feed Efficiency in the Growing Rat as Affected by Dietary Calcium, Buffering Capacity, Lactose and EDTA. J. L. Evans and R. Ali 417

Accumulation and Elimination of Dietary Gossypol in the Organs of Rainbow Trout. J. N. Roehm, D. J. Lee and R. O. Sinnhuber 425

Nitrogenous Factors Affecting the Adequacy of Rice to Meet the Protein Requirements of Human Adults. Shirley Chii-Shya Chen, Hazel Metz Fox and Constance Kies 429

CONTENTS

Vitamin B₁₂, Choline and Related Substances in Dietary Hepatic Injury in Rats. Paul György, Bernhardt W. Langer, Jr., Minoru Hirooka, Ettore Cardi, William E. Ehrich and Harry Goldblatt 443

Assimilation by Rats of Limiting Amino Acid into Protein from Imbalanced Dietary Sources. D. R. Hartman and K. W. King 455

Control of Lipogenesis in Adipose Tissue of Fasted and Fed Meal-eating Rats. Gilbert A. Leveille 460

Vitamin A, Sulfation and Bone Growth in the Chick. E. Havivi and G. Wolf 467

Effect of Low Environmental Temperature on the Metabolism of Vitamin A (Retinol) in the Rat. P. R. Sundaresan, Victoria G. Winters and Donald G. Therriault 474

Separation of Soybean Whey into Fractions with Different Biological Activities for Chicks and Rats. Walther Sambeth, M. C. Nesheim and J. A. Serafin 479

Metabolism of L-Arabinose and D-Xylose by Chicks. P. V. Wagh and P. E. Waibel 491

Albumin Content of Rat Hepatic Cells at Different Levels of Protein Intake. N. Chandrasakhraram, A. Fleck and H. N. Munro 497

Effect of Threonine on Tyrosine Metabolism of Rats Fed a Low Protein Diet. Claude Godin 503

Invitation for Nominations for 1968 American Institute of Nutrition Awards 521

Invitation for Nominations for 1968 American Institute of Nutrition Fellows 523

Invitation for Nominations for Honorary Membership in the American Institute of Nutrition 524

Invitation for Nominations for the 1968 Hoblitzelle National Award in the Agricultural Sciences 525
