

American Society for Nutrition (ASN)
American Journal of Clinical Nutrition and The Journal of Nutrition
Open Access Choice Form

Authors of accepted original research manuscripts can elect to have their articles made freely accessible on the journal website immediately upon publication by the payment of an open access fee. The open access fee is \$3000 per article, and is charged in addition to other applicable author charges (page charges, color reproduction charges, author alteration charges and charges for reprint orders). Authors who receive Wellcome Trust funding can comply with the Wellcome Trust open access publishing requirements by selecting the ASN open access publishing option. For these authors, upon payment of the fee, the ASN will deposit high resolution files and the final version of the author's article in PubMedCentral (PMC) and will authorize public posting on PMC and PMC mirror sites immediately upon publication of the articles.

The open access fee should be selected as soon as possible, preferably within 48 hours of manuscript acceptance. The fee should be paid immediately, with the submission of the Open Access Choice Form. Other author fees, such as page charges and color fees, will be billed after publication.

Once your payment or your approved purchase order is processed, your online article will be freely accessible to anyone accessing the journal site immediately upon publication, instead of after 12 months. Please fax this form to 301-634-7892 or mail to the American Society for Nutrition, Publications Department, 9650 Rockville Pike, Bethesda, MD 20814. Questions can be sent to: journal@nutrition.org
